EXPLANATION

The Kanawha County Marriage Record is in many ways incomplete, and no doubt, many inaccuracies exist, but this list was carefully compiled from the records in the county clerk's office, and is, as nearly as possible, correct. In many instances the writing is blurred and faded until it is difficult to decipher it even with the assistance of a magnifying glass. In the early days there did not seem any effort made to keep a record of the permits issued, but at the end of the year the minister or justice who performed the ceremonies, sent in a list which was copied into the register. These lists are copied as originally recorded. No marriage bonds are in existence. It was not until the latter part of the 1850s that the name of the bride's father was given. As this part of the record is easily obtainable from the clerk's office, and is only a small part of the record, it was not included. Otherwise this list is copied exactly as it is recorded in the marriage books in the county clerk's office.

Respectfully,
Julia Morris Wintz
